Subject: Amendment to Add a Supplemental Label for outdoor residential misting systems
Product Name: CSI PY-PBO 6-60 CONCENTRATE
EPA Registration Number: 53883-308
Application Date: 09/25/2015
Decision Number: 509731

Dear Ms. Adamson:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval is only for a supplemental label that is an addendum to the master label. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

This supplemental labeling contains some new and/or revised uses and/or directions which may be additional to the uses and/or directions found on the label on or attached to the container, but this supplemental labeling does not by itself constitute the complete set of use directions. The complete set of use directions is set forth on the container label as combined with this supplemental labeling.

A stamped copy of your labeling is enclosed for your records. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, you may contact Elizabeth Fertich at 703-347-8560 or via email at fertich.elizabeth@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "J S", written over a horizontal line.

SUPPLEMENTAL LABEL

Stryker™

EPA Reg. No. 53883-308

For Use in Outdoor Residential Misting Systems

This supplemental label expires March 24, 2017, and must not be used or distributed after this date.

Active Ingredient

Pyrethrins (CAS No. 8003-34-7)	6%
Piperonyl butoxide* (CAS No. 51-03-6)	60%
Other Ingredients	<u>34%</u>
Total	100%

*(butyl carbityl)(6-propylpiperonyl) ether and related compounds
Contains 0.5 lbs/gal of Pyrethrin, 5 lbs/gal of Piperonyl Butoxide

It is violation of federal law to use this product in a manner inconsistent with its labeling.

DIRECTIONS FOR USE

- The supplemental labeling and the entire **Stryker™** container label, EPA Reg. No. 53883-308 must be in possession of the user at the time of application.
- Read the label affixed to the container for **Stryker™** before applying.
- Use of **Stryker™** according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for **Stryker™**.

DIRECTIONS FOR USE IN OUTDOOR RESIDENTIAL MISTING SYSTEMS

When using this product, installers and service technicians must comply with the license, certification, or registration requirements of the state(s), tribe(s), or local authority(ies) where they are installed.

Use Restrictions:

- Do not use in an evaporative cooling system.
- Direct nozzles to spray towards the target area and away from swimming pools, water bodies, or eating and cooking areas.
- Do not set nozzles to direct mist near outside air condition systems or other home air intakes.

If used in a system with a reservoir tank for the end use dilution, the system reservoir tank must be locked. Securely attach the end use pesticide label and a dilution statement to the system reservoir tank in a weather protected area or plastic sleeve. The dilution statement must be phrased as follows: this container holds ___parts **Stryker™** to ___parts water.

If used in a direct injection system, the pesticide container must be locked. Securely attach the end use

SUPPLEMENTAL LABEL

label to the pesticide container in a weather protected area or plastic sleeve.

If the system works on an automatic timer, set the timing for application when people, pets, and/or food are unlikely to be present.

If the system works when a person operates a remote activation device, then application of this pesticide when people, pets, and/or food are present is prohibited.

Contact the system manufacturer for guidance or assistance to ensure compliance with the following requirement:

This product may only be used in systems that have been calibrated to apply no more than the maximum application rate of 0.0148 fluid oz. of product per 1000 cubic feet per day.
